

Vacation

Full-time employees receive thirty vacation days per year. Up to five unused days may be carried over to the next year and must be taken before the end of March. Vacation requests are submitted through the HR portal at least two weeks in advance.

Remote work

Employees may work remotely up to two days per week after the end of the probation period. Remote days are agreed with the team lead and entered in the shared calendar. Core hours, during which everyone is reachable, are from ten to three.

Sick leave

If you are unable to work because of illness, inform your team lead before nine o'clock on the first day. A medical certificate is required from the fourth calendar day of absence. Sick days are not deducted from vacation.

Expense reports

Business expenses are reimbursed when the receipt is submitted within thirty days. Travel by train is booked in second class. Meals during business trips are reimbursed up to twenty-eight euros per day.

Onboarding

New employees receive a laptop and an access card on their first day. A buddy from the team guides them through the first four weeks. The probation period lasts six months, with a review meeting after three months.

Equipment return

When leaving the company, return the laptop, the access card and any other equipment on the last working day. IT wipes returned laptops within five working days. The HR team confirms the return in writing.
